

Put On Clothes - Gives Reinforcer

Parent "Put on your clothes please."

Child Child puts on clothes independently.

Parent "Great job putting on clothes by yourself. You can listen to music in the car."

Antecedent (The instruction)	Behavior	Consequence	Behavior will increase or decrease in the future
Parent ask child to put on clothes	Child follows the instruction	Parent gives a reinforcer after behavior	The reinforcer (music) will increase the likelihood the child will wear clothes independently after she is told to in the future

After the child performed the task, a positive consequence was given (music). The child will continue to listen to her parent in the future.
