

Come Here - Follows Through

Parent "Come Here."

Child (keeps watching video)

Parent Four seconds after the child did not respond, parent go gets the child

Child Child walks over to her parent

Antecedent (The instruction)	Behavior	Consequence	Behavior will increase or decrease in the future
Parent ask child to go to her	Child does not respond	Parent has the child go to her	Child will more likely listen next time knowing her parent will follow through

The parent followed through which taught the child if she does not listen in the future, her parent will still make her do the task by herself.
